Skills

- **Languages**: Java, Python, C++, JavaScript
- **Frameworks**: Flask, Node.js
- **Tools/Platforms**: Linux, AWS, Docker, GitHub, VS Code
- **Soft Skills**: Decision-Making, Problem-Solving, Team Collaboration, Critical Thinking, Adaptability

Projects

- **AI DJ Assistant with YouTube Integration |** GitHub — Apr' 25
  - Built an AI-driven music recommendation system that generates dynamic playlists based on user moods and activities using LLM prompts and smart playlist algorithms.
  - Integrated YouTube Data API v3 to fetch full-length tracks and implemented a custom audio player with smooth transitions using crossfade techniques.
  - Developed a responsive and intuitive interface enabling seamless track playback, playlist browsing, and mood-based playlist creation across desktop and mobile.
  - **Tech Stack**: Next.js, TypeScript, Tailwind CSS, YouTube IFrame API, YouTube Data API

- **Personalized Greeting Web Application Using AWS Services** — Mar' 25
  - Designed and deployed a serverless web application using AWS Lambda and API Gateway to generate real-time personalized greetings based on user login time.
  - Hosted the frontend on Amazon S3 and integrated CloudFront CDN to ensure fast, globally distributed content delivery with optimized caching.
  - Implemented secure access using IAM roles, monitored the system via CloudWatch, and integrated JavaScript to dynamically fetch and display greetings on the UI.
  - **Tech Stack**: AWS Lambda, Amazon S3, Amazon CloudFront, API Gateway, IAM, JavaScript

Training

Summer Training | Mastering Data Structures & Algorithms – Board Infinity | Certificate — Jul' 25

- Gained strong problem-solving foundations through structured DSA modules designed for competitive coding.
- Practiced solving LeetCode-level questions, focusing on patterns such as Sliding Window, Two Pointers, Binary search, Recursion, Dynamic Programming, and Graphs.
- Strengthened algorithmic thinking through hands-on assignments and weekly coding challenges.

Certificates

- Technology Job Simulation – Forage | Certificate — Jul' 25
- AWS Solution Architecture – Forage | Certificate — Jul' 25
- Introduction to Internet of Things– NPTEL | Certificate — Nov' 25

Achievements

- **Super Contributor in Hacktoberfest 2025** — Oct' 25
  Successfully merged 20 pull request which was accepted by Hacktoberfest
- **100 Days LeetCode Badge** — Aug' 25
  Earned the 100 Days LeetCode Badge by maintaining a consistent daily coding streak and strengthening problem-solving skills through continuous DSA practice.

Education

- **Lovely Professional University** — Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 7.0*** — Aug' 23 – Present
- **Delhi Public School** — Paradip, Odisha
  Intermediate; ***Percentage: 81*** — Apr' 21 – Mar' 23
- **Bethany Convent School** — Paradip, Odisha
  Matriculation; ***Percentage: 84*** — Mar' 20 – Mar' 21
